

JAMISU TECH LABS

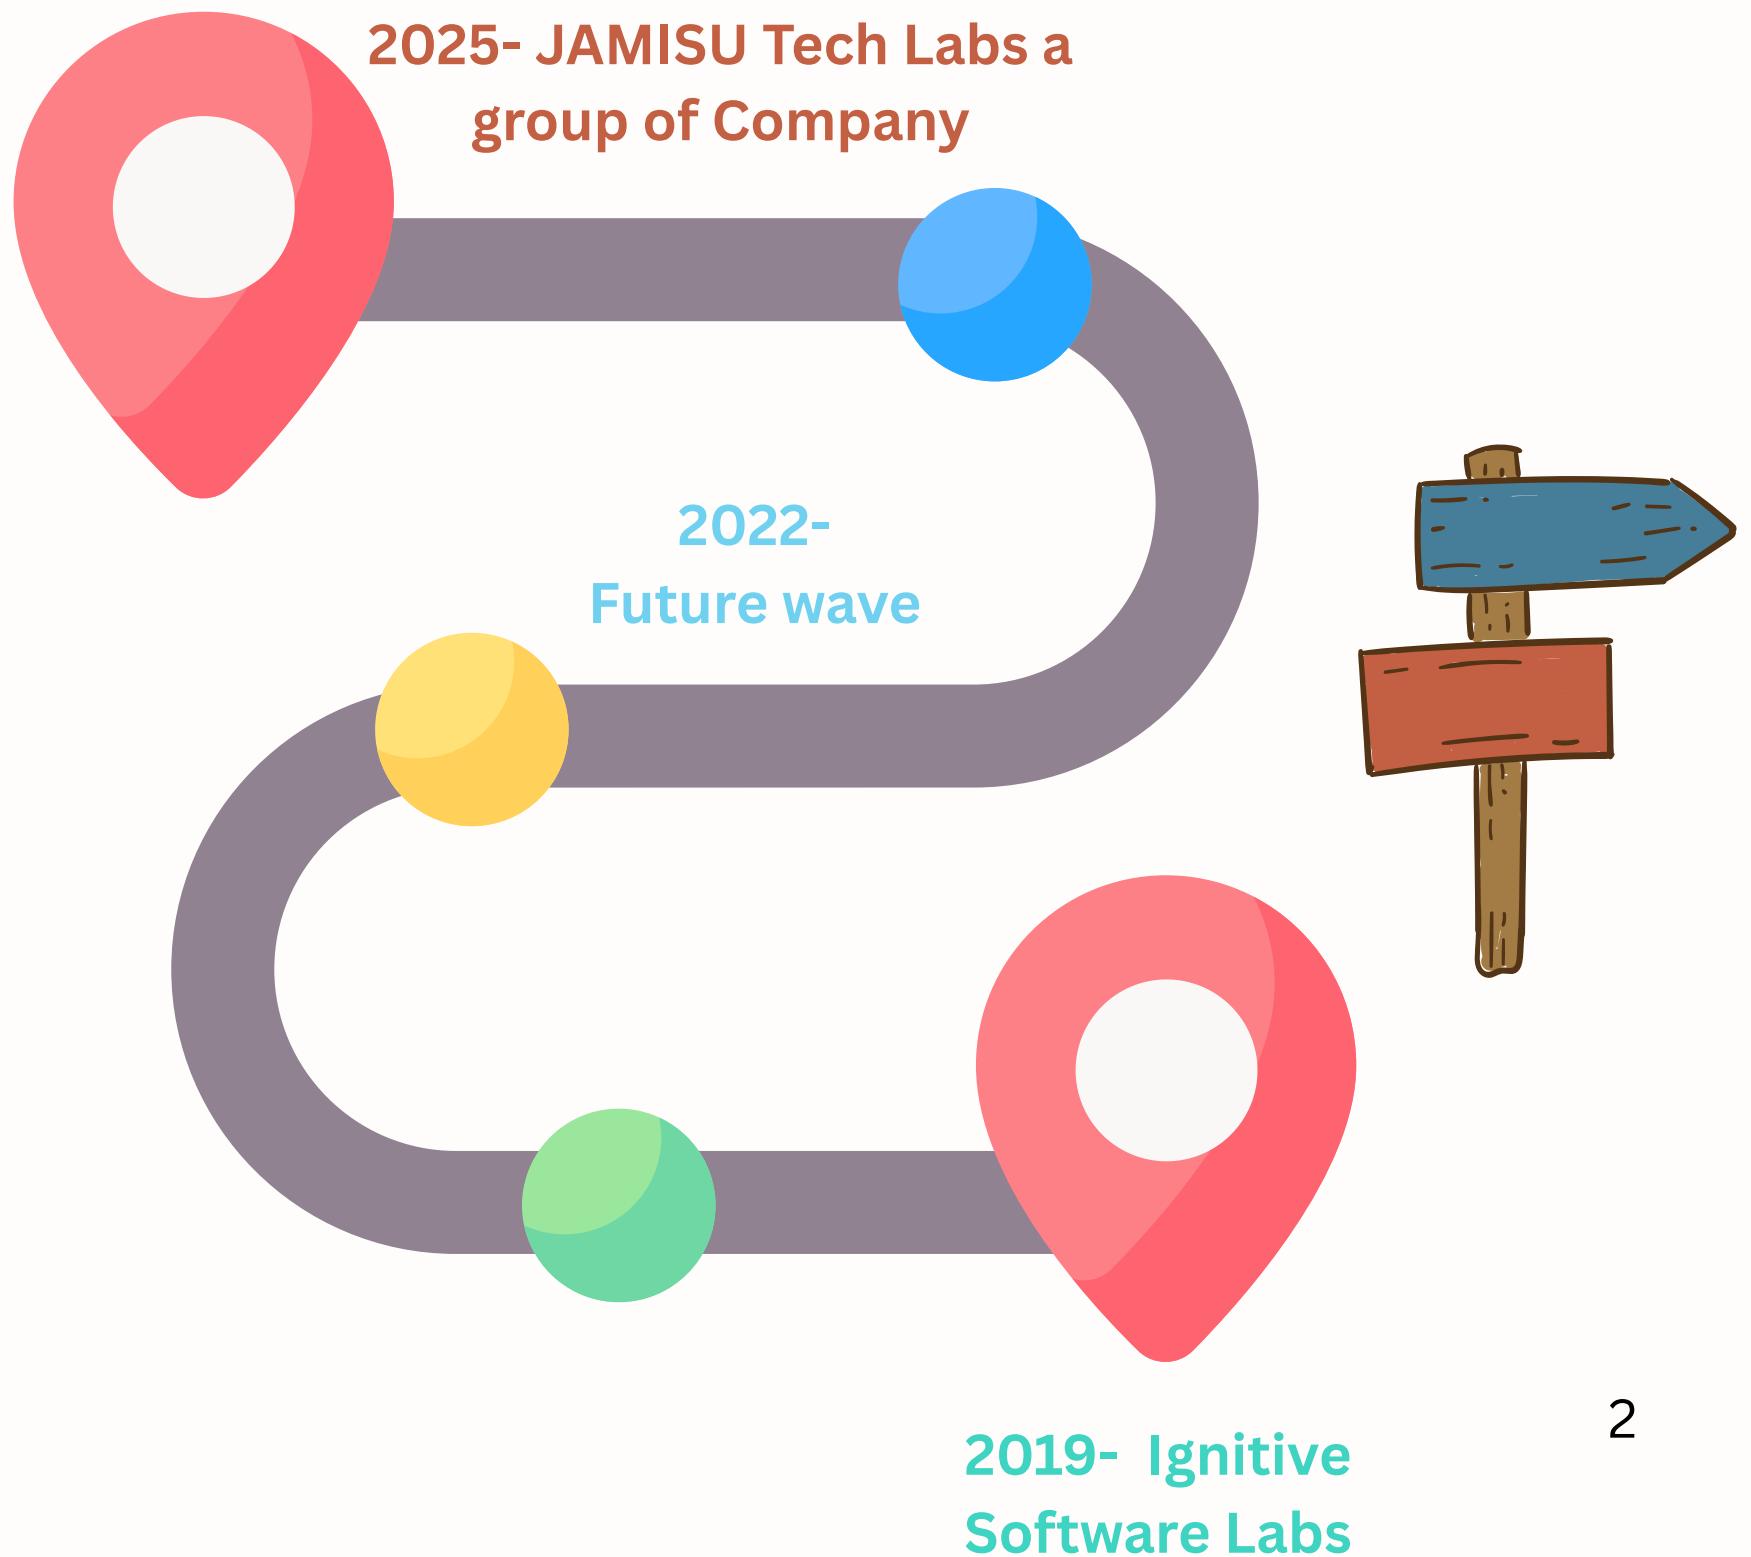

|| FUELING SMART TRANSFORMATION ||

Our Journey

About Us- Ignitive Labs was founded in **2019** in Indore to solve a clear problem: small and mid-sized businesses could not afford bulky enterprise ERPs or the expensive custom integrations they require. We build affordable, AI-powered business platforms that automate operations and accelerate growth. Our solutions combine ERP, CRM, e-commerce, B2B and B2C workflows, managed services, and web design and development into cohesive products that scale as businesses grow. Satisfied clients worldwide attest to the reliability and impact of our work.
